

Also, reference to the closely packed porous particles are found in the Summary of Invention on page 2, on pp 3,4 & 7 of the specification and in independent claims 1,7,18 as well as in claim 13

Accordingly, this CIP is submitted to provide ample support for two variations of monolith catalysts in keeping with the actual scope of the invention.

In accordance with Section 714.01 of the M.P.E.P., the following information is presented in the event that a call may be deemed desirable by the Examiner: Thomas C. Stover, (781) 377-3779.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'T. C. Stover', is written above a horizontal line.

THOMAS C. STOVER
